APRIL MEETING

Date: Sunday, April 28th

Time: 11:30 AM—3:30 PM

Where: St. Martin's Episcopal Church

Address: 15764 Clayton Rd, Ellisville, MO

RSVP: Please RSVP by April 22 to David Baker at <dkb9323@gmail.com> or 636-575-9554 if you plan to display a car for show field layout.

Note: The Club will participate with other car clubs in the church's Third Annual Auto Show & Festival. The Festival is a fundraiser for the Circle of Concern Food Pantry. BBQ for purchase on site! See event description on page 2 and flyer.

MAY LAMBDA/CLC DRIVING EVENT

Date: Sunday, May 5th

Time: Meet 9:00 AM-9:30 AM, depart 9:45 AM

Where: Woodland Park (Lions Pavilion)

Address: 354 Pine Lake Rd, Collinsville, IL 62234

RSVP: Please RSVP ASAP, no later than April 28th, to confirm your attendance to Clayton Patterson at <clpatterson71@aol.com>.

Notes: "Meet, Drive, Dine, and Wine!!!" Mike Wallerstein and Clayton Patterson are co-hosting a joint event with Show Me LCCI and the CLC-StL.

This event entails a backroads scenic drive to the historic Diamond Mineral Springs Restaurant in Highland, Illinois, for an awesome family-style lunch and then finishes with a short drive to a nearby winery for wine tasting fun and frivolity.

See the event flyer distributed with this newsletter for all the details you need to know to participate

in this fun event. If you missed this event last year, here is your next chance!

Diamond Mineral Springs Est. 1892

Our family-style restaurant is the longest "continuously" serving restaurant in the state of Illinois.

MAY MEETING AND DANNY KRUMM GARAGE TOUR & BBQ

Date: Saturday, May 18th

Time: Meet 10:30 AM, Depart 10:45 AM

Where: Sunset Hills, MO.

Address: Park & Ride Lot at Gravois and Hwy 270 across from the Chestnut Rehab Center.

RSVP: Please RSVP by May 9th if you plan to attend for food planning to Craig Masterson at <BigV8@swbell.net>.

Note: This is a no-charge event, but there will be a "bratwurst fund" tip-jar. Bring your own beverages. See the event description on page 2. Upon meeting at 10:30 AM at the Park & Ride lot, we will convoy to the Krumm's home in Sunset Hills.

SECRETARY'S REPORT

Our March meeting was held Thursday, March 14th, at the Sports Café in Bridgeton, MO. We had a light turn out due to the imminent threat of a severe thunderstorm, hail, and tornado warnings. Our meeting location only experienced heavy rain and wind for about 30 minutes. O'Fallon, Missouri, 15 miles west, was not so lucky, with hail up to

baseball-size being reported. Several auto dealerships sustained broken windows and dimpled sheet metal on hundreds of vehicles. Many homes and buildings had roof damage.

Our meeting agenda focused primarily on the upcoming events for members, including the since completed Easter Auto Show. **Note: Our May 18th event is now our official May meeting.** The remaining upcoming events discussed are as follows:

- ◆ **April 28th; CLC-StL Meeting/Car Show:** Sunday, 11:30 AM to 3:30 PM, St. Martin's Episcopal Church, 15764 Clayton Rd., Ellisville, MO 63011. Please RSVP to David Baker if you plan to display a vehicle. The CLC-StL has been invited to participate with several other car clubs in the church's Third Annual Auto Show & Festival. The Festival is a fundraiser for the church's food pantry, Circle of Concern. Vehicles will be vying for prizes to be awarded based on "votes" received from Festival attendees. Everyone receives one vote, but additional votes can be purchased, which is the fund-raising component of the Festival. See the event flyer distributed with this newsletter.
- ◆ **May 5th; Diamond Mineral Springs Restaurant (DMSR):** Sunday, Highland, IL. Clayton Patterson is arranging a dine and wine tour as a joint-club event with the Lambda Car Club. Participants will start in Collinsville, IL, for a one-hour leisurely drive to the DMSR for lunch, then proceed a short distance (7.5 miles) to the Copper Dock Winery in Pocahtonas, IL. Past tours have been VERY popular. RSVPs will be required to assure sufficient seating. See the provided flyer.
- ◆ **May 17th-19th; HET Route 66/Pontiac, IL Tour:** Friday-Sunday. The Gateway Chapter of the Hudson Essex Terraplane Club is sponsoring an overnight Route 66 Cruise to Pontiac, IL. Pontiac has several museums including those devoted to Pontiac-Oakland Automobiles, Route 66, Military/War, and Gilding (gold-leaf).
- ◆ **May 18th; Fisher House Car Show & Live Music:** Saturday, WWT Racetrack., Madison, IL. This is the "CAR-ing for Veterans" charity fundraiser for St. Louis Fisher House. Fisher House provides lodging, food, and transportation to the families of veterans and active military while they are being treated by the VA Medical Center in St. Louis. As this is a fundraiser, there will be a fee to attend for all attendees, not just those displaying a vehicle. See flyer provided.

- ◆ **May 18th; May Meeting and Danny Krumm Garage Tour & BBQ:** Saturday, Sunset Hills, MO. See Danny's Mustang and wife Sharon's Mopar collections, farm tractor and hit-and-miss engine collections, plus auto memorabilia and a die-cast model car collection! Danny's family has built a mini-railroad in the front yard and will offer rides around the property. There will be a lunch of brats, hotdogs, and chips around noon. This is a no-charge event, but there will be a "bratwurst fund" tip-jar. Bring your own favorite drinks. Tables and chairs are provided. Stay as long as you want and enjoy the fun. Please drive your collector-cars as Danny and his friends like to view the variety of hobby cars on the driveway. Collector cars will park on the pavement, and modern cars will park on the grassy yard. We will meet at the Park-and-Ride lot at Gravois and Hwy 270 across from the Chestnut Rehab Center at 10:30 and depart at 10:45, driving across Gravois onto Weber Hill Road to West Watson Road to the Krumm's property. RSVPs will be required for food planning purposes by May 9th to Director Todd or Secretary Craig.

- ◆ **June 8th; Freyja Bax Benefit:** Car Show, Lutheran High School, 5100 Mexico Road, St. Peters, MO. The Eastmans bring this benefit to our attention for a baby diagnosed with Haddad syndrome. Please scan the QR Code or see the flyer distributed with the newsletter for more information.

- ◆ **August 27-31; "Cadillacs in Kansas":** The CLC National Driving Tour will be a five-day Hub-and-Spoke tour of the wonders of central Kansas, with Wichita, KS as the hub. One of the events will be a tour of McPherson College's Automotive Restoration Department. The tour is sponsored by the Missouri Valley Region and the Central States Region. The event is a very-reasonable 6½ hour drive from downtown St. Louis. The link for Cadillacs in Kansas is: [Cadillacs in Kansas: National Driving Tour August 27-31, 2024 | Cadillac Club of Kansas City \(kccadillacclub.org\)](https://www.kccadillacclub.org).

- ◆ **August 31st; CLC-StL Meeting:** Saturday, 9 AM to Noon, Gateway Classic Cars (GCC), O'Fallon, IL. The Club will participate in GCC's monthly Caffeine & Chrome Car Show. Our

Club will be a "Featured Club". As a Featured Club, GCC will contribute \$10 to CLC-StL for each Club vehicle displayed. This event is GCC's annual Cause for Paws Charity Event. The spotlight charity will be Stray Rescue of St. Louis.

- ◆ **September 8th; CLC-StL Meeting & Picnic:** Sunday, Tilles Park, Noon - dusk. The picnic is back! We will join with the Spirit Region of the CCA for an old-fashioned picnic. There will be lots of automobile eye-candy to drool over! The picnic site is a shelter overlooking a lake; so, bring your fishing poles! Sushi anyone?
- ◆ **October 5th; Fall CLC-StL Car Show:** Our 2023 Fall Car Show was held at the Creve Coeur Elks Lodge with the Jaguar Car Club's annual show. Members' feedback was very positive. CLC Member Brandon Gray, also President of the Jaguar Club, has extended an invitation for our Club to again participate in 2024. I have added this date to our calendar, pending official Club approval/confirmation.

Member News: It is with great sadness we reported in early April that **Steve Unland** passed away after a brief two-week illness with HLH disease, an immune system disorder. Steve was a long-standing member of the St. Louis Region. Steve will be sorely missed; he was a wonderful and caring person, and a joy to be around. Many members have reached out to Steve's partner, Ted Fivian, to offer their sympathy and condolences. A Celebration of Life is planned for later this year.

David Conrad's Emerald Mist green 1972 Buick boattail Riviera graces the cover of the March/April *The Riview*, the Riviera owners club magazine. Contained within is David's article on his Riviera pictured on the cover along with Rivieras David has owned in the past. Congratulations, David, on your car making the magazine cover and your interesting article!

Amber Tobiasz participated in the March 2024 St. Louis Modern Quilt Guild Show at Queeny Park. Amber displayed four quilted items: a purse, a curtain, and two quilted display pieces. Cindy and I attended and were struck by the high level of craftsmanship and artistic flair (to say nothing of

the time expended) which was evident in the quilts and other items displayed. They are truly works of art which should be displayed in museums. Congratulations, Amber, on having your items displayed—very impressive!

A favorite of mine was the lava lamp themed quilt at right that was displayed along with an actual lava lamp.

Ed Watts and **Debbie Zamora** are our newest members. They attended the Easter auto show with their beautiful, low-mileage, red 1995 Cadillac Eldorado as part of our Club's Easter show display and had their Cadillac judged. After the Easter show they joined our Club. On behalf of our members, welcome, Ed and Debbie! I hope you find the club rewarding, and make many good friends in the process!

Cathy Ellison reports that she has purchased a 2014 Cadillac ELR. The ELR was derived from Cadillac's Converj concept car, which debuted at the 2009 North American International Auto Show. At the time, Bob Lutz, GM's vice chairman of Global Product Development, described the styling—"An aggressive, forward-leaning profile hints at a new, progressive theme and proportion in Cadillac's design evolution. The new proportion showcases a uniquely shaped, modern vision of a personal luxury 2+2." (Converj concept pictured below/GM.)

The ELR was produced only in model years 2014 and 2016. Only 2,958 ELRs were built—so a rare Cadillac, for sure. This model is a plug-in hybrid with a 1.4 liter engine. Cathy's ELR is Raven Black with a Kona brown interior. Cathy's car, pictured below, shows it to be a virtual dead-ringer for the Converj concept car, very cool!

Congratulations, Cathy, on your "new" Caddy! We cannot wait to see and admire it.

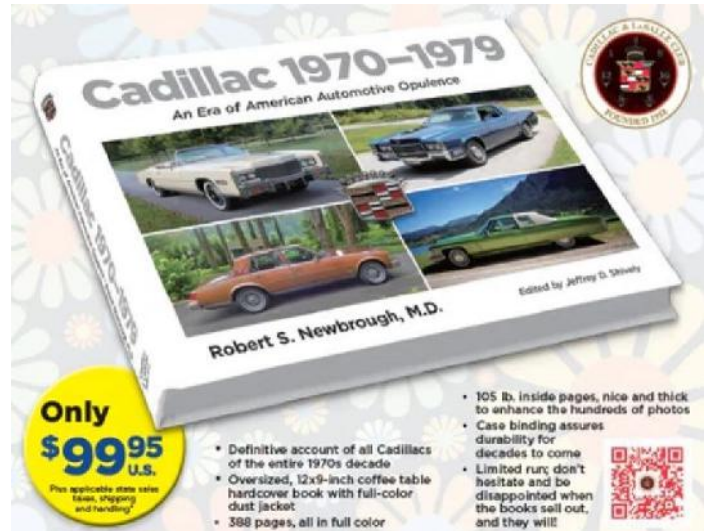

April's newsletter continues with Doug Birk's series of excellent articles on the 2023 Albuquerque CLC Grand National. This month's article highlights Russell's, a New Mexico Route 66 travel-stop and museum on the way to Albuquerque. Doug, as always, THANK YOU, and keep up the good work!

Craig Masterson

1970-1979 CADILLAC BOOK

CLC member Robert Newbrough, M.D., in conjunction with the National CLC, has written the much-awaited book on Cadillacs from 1970-1979. The book is subtitled, "An Era Of American Automotive Opulence". This book will have a limited printing and will be available in early June. The book will be available for pickup at this year's

Grand National in Gettysburg, and you can meet the author. Pre-orders are available at the National CLC Club store at: [CADILLAC 1970-1979 BOOK \(AVAILABLE IN JUNE\) – GMClubapparel.com](http://CADILLAC 1970-1979 BOOK (AVAILABLE IN JUNE) – GMClubapparel.com).

I have been told that if you intend to pick up your book at the Grand National, you can add a note in the "seller special instruction" section and/or email the Club store stating such and they will refund the shipping cost added to your order at checkout.

FREE CADILLAC DEALER LITERATURE

Dennis Leiendecker has graciously offered the Cadillac dealer brochure literature listed below to members on a first come, first served basis. If you are interested in an item, please contact your Secretary/Editor, who has these in his possession. Any items left at the end of May will be transported to the Grand National (GN) and donated in the name of the Leiendeckers to the Cadillac & LaSalle Museum's silent auction fund-raiser held at the GN. The dealer brochures available are:

- 1984 Cadillac Eldorado (1)
- 1996 Cadillac Portfolio of Automobiles (1)
- 1997 Cadillac Portfolio of Automobiles (1)
- 1998 Cadillac Eldorado (1)
- 2000 Cadillac DeVille (3)

2023 CLC GRAND NATIONAL (Part 6) Russell's Travel Center & Museum

(By: Doug Birk)

While tracing the old Route 66 to Albuquerque (now I-40) for the 2023 CLC Grand National show, a couple of hungry, weary travelers and a similarly hungry-for-fuel Malibu, searched for temporary refuge for a recharge. Much like seeking a green Oasis in the hot desert sands, in this case the hot, desolate, rough, and rocky terrain of West Texas and eastern New Mexico.

Our wish came true, no, not a mirage, but a real brick and mortar structure, perched upon a small craggy hill (mesa to some), and yes, gas pumps, fuel for our buggy. Welcome relief—no “beware of snakes” signs were posted—but never let your guard down, snakes are everywhere.

The name of this retreat is Russell’s. Having all the provisions to fill our tummies, relieve our bladders, and reward us with a special treat, a museum with an eclectic collection of cars, trucks, toys, and petroliana memorabilia. It got better; admission was free.

Entering this wonderland of yesteryear, stepping over the threshold onto the highly-polished, but creaky, wood floor, felt like it was the 1900s again.

Greeting one at the entrance was a familiar character from Star Wars, Yoda, a Jedi with pointy ears, wearing mechanic’s white overalls and a Sinclair gasoline cap. Hope it was high-octane gas he was selling for those “Rocket 88” Oldsmobiles.

The theme quickly shifted to the nifty-fifties, featuring a pink '57 T-Bird, and who else, other than a life-size mannequin of Marilyn, wearing that iconic white dress from the 1955 movie *The Seven-Year Itch*. I even caught her posing with the dress blowing upward as she walked over a New York subway grate to keep cool.

Across the road (aisle) was the king himself, Elvis, with guitar in hand, hips swiveling, posing next to his robin egg-blue '58 Impala convertible, sporting fender skirts and dual antennas.

A promenade of 1950s cars included a mint green '53 Chevy, two '56 Mercury Montclairs, both 2-tone red-and-white, one a 2-door hardtop and the other a 4-door hardtop phaeton. Joining the party was a seldom seen 1954 Pontiac Star Chief convertible in warbonnet red, full fender skirts and amber Indian-

head hood ornament that illuminated at night when the lights are on.

No disappointments for the truck enthusiast. How about a '55 Chevy Cameo 3100 in polar white and bright red trim. Keeping it company was a stepside (also known as a flareside) '67 to '72 Chevy pickup in black and white and a vintage post-war Chevy 3100 stake bed pickup in red.

Other models on display included, but were not limited to, an early Mustang convertible, raven black, white upholstery, with a white stuffed polar bear for companionship. Early Corvettes were nicely represented starting with a '55 and ending with early '70s models. They even included an orange Carmen Ghia for color.

The olden-days were represented with life-size horses (stuffed), one pulling a vintage Texaco Crystalite Kerosene tank wagon.

I had to look twice as to who was driving. A life-size old timer, dressed in jeans, held up with red suspenders, plaid work shirt, Texaco gas cap, and sprouting a long gray beard. Does this remind anyone of a current club member who looks similar to this old truck driver? I'll let you solve the puzzle.

A more "modern" transport mode was Henry's Model TT Ford gas-oline truck—old but functional.

Who said there was privacy in a privy? This diorama of an old prospector had none. He patronized this one-holer' outhouse with everyone in view.

Taking years to collect all these treasures, it would take more than one visit to absorb all of the history represented. With collectibles for all ages, adults adored the full-size cars and trucks and the extensive collection of scale models in most all colors, configurations, and manufacturers. For the younger crowd there were pedal cars, Radio Flyer wagons, and tricycles with real bells and whistles.

Additional collectibles were movie paraphernalia for Elvis, Marilyn, John Wayne, Roy Rogers, and Gene Autry. Petroliana products from Texaco and Sinclair—gas pumps, neon signs, and shelves of motor oil cans—were abundant.

Vintage Coke dispensers and coolers, Camel and Lucky Strike cigarette vending machines, a red-and-white-striped barber pole with barber chair, and a Ford wall clock, with models representing the new color selections for 1949, were all displayed.

This was a truly pleasant, unexpected, and memorable stopover. I do hope it's around for future generations traveling old Route 66 to enjoy. Happy motoring!

(All photos by Doug Birk)

CADILLAC TEASES FUTURE OF ZERO EMISSIONS PERFORMANCE

(By: Cadillac Pressroom)

Cadillac gave the world a taste of what the future of electric performance could render, sharing a sneak peek at Opulent Velocity—a concept vehicle designed to celebrate the past, present and future of Cadillac and its performance brand, V-Series.

[Teaser: Opulent Velocity | Cadillac Concept \(youtube.com\)](#)

Opulent Velocity represents the duality of the Cadillac brand defined in the name itself, Opulent + Velocity. The concept's mission is to demonstrate the evolution of Cadillac's revered sense of opulence, while envisioning the future of a high velocity performance driving experience.

"Opulent Velocity is designed to foreshadow a zero emissions expression of performance and modern luxury leadership," said Bryan Nesbitt, executive director, Cadillac Global Design. "We will share more later this year, so stay tuned."

TOTAL ECLIPSE UPDATE

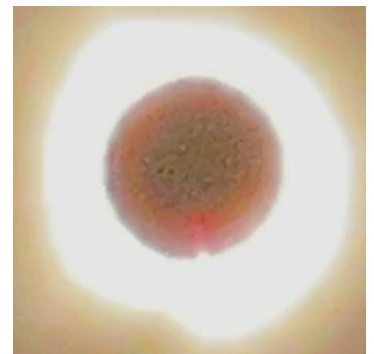

(By: Craig Masterson)

Having viewed our first total solar eclipse in 2017, Cindy and I decided to view this month's total solar eclipse. On the morning of April 8th we traveled to Jackson, MO, (just north-west of Cape Girardeau), in the center of the path of totality.

A normal ~2 hour drive took 3 hours. And the trip home? Horrendous! As you saw on the news, traffic after the eclipse returning to St. Louis was a nightmare. Our return trip was 6 hours, but for many it was 8+ hours.

Was 9 hours on the road worthwhile for 4 minutes of solar eclipse totality? For us, YES! It was truly spectacular, a now twice-in-a-lifetime experience. We saw many out-of-state license plates, from as far away as Washington state.

The next total eclipse near St. Louis will be in 2045, sweeping over Oklahoma and Arkansas. And that eclipse will have a maximum time of totality of 6 minutes.

Partial eclipse above-left, totality above-right. The sun's corona is visible; the "divot" at the bottom is the moon's uneven surface creating a "Baily's bead".

HCC EASTER SHOW

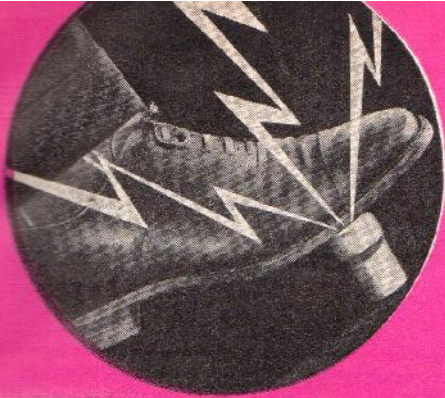

Our 2024 CLC-StL Easter Show display at Forest Park was a roaring success! Our display included 17 vehicles, including 3 non-members. The weather turned out just beautiful, and a good time was had by all in attendance!
